## Research Design Service Grant Writing Retreat Bailbrook House Hotel, Bath. 13 to 17 June 2016

Do you have a great idea for research in health or social care?

Would your team benefit from protected time and expert support to develop your idea into a competitive funding application?

The NIHR Research Design Service (RDS) is providing an exceptional opportunity for researchers in health and social care to develop their research proposals in a supportive environment.

Applications are invited from teams of two or three people, at least one of whom should be a health or social care professional working in England.

If you think your research team would benefit from protected time and expert support, contact your [local RDS](#) or visit [www.rds.nihr.ac.uk/gwr](http://www.rds.nihr.ac.uk/gwr).

The cost of the Retreat is £3,300 for a team of three and £2,700 for a team of two.

For free research design and funding advice, download the [RDS NW advice request form here](#).
