Overcoming challenges: Innovative solutions in public involvement in research

6 September 2016 - Manchester

This event provides a chance to explore and share innovative and effective ways of involving members of the public in health and social care research. Further details of the event will be made available soon. Please save the date. Abstract submission are currently open. Please see the [event website for more details](#).

Developing proposals for the NIHR Research for Patient Benefit (RfPB) Programme: A support programme for applicants

9 September 2016

The NIHR Research Design Service North West (RDS NW) will be holding a morning seminar and support afternoon for those intending to apply for RfPB funding. For more information please see the [event website](#). The aim of the seminar is to give researchers a better understanding of funding priorities, application processes and future plans. The support afternoon will be a facilitated half-day support session involving one-to-one advice with a range of experts from different methodological backgrounds.
