**Incontinence research workshop survey**

A group of medical research charities is developing a workshop aimed at increasing the amount of research into incontinence in people with long-term health conditions.

What do you think would make the workshop as effective as possible? The group would appreciate you taking 5 minutes to share your thoughts in [this survey](#).

Please submit your comments by 1st August 2016. The survey is anonymous, but please include contact details if you would like more information about the workshop.

**Important changes to NIHR Fellowship deadlines**

Submission dates have been amended for the upcoming round 10 of the [NIHR Fellowship call](#).

Round 10 will launch in October/November 2016. For this round the post doc levels will be closing the week before Christmas, exact date to be confirmed, and the doctoral level applications in mid January 2017. Please see the [NIHR Fellowship web pages](#) for updates.
