

RDS Public Involvement Funds

Name: Dr Stuart Oultram

Specialist Public Involvement Adviser, RDS NW

How the RDS can help you with public involvement

- Advisers - advice included in every case.
- Specialist Advisers - for extra help with complex issues.
- Resources on Research Design Service (RDS) web pages.
- Links on RDS web pages.
- RDS public involvement fund scheme.

Public Involvement Fund

- It is considered good practice to involve members of the public as early as possible in the research design process.
- Funding public involvement at the application stage can be challenging.
- The RDS 'Public Involvement Funds' (PIF) aim to bridge that gap.
- Funds are available to help facilitate public involvement in the development of research ideas and funding applications.
- Contact your local RDS region (www.nihr.ac.uk/rds) for further information about the Public Involvement Fund and how to apply for it.

Who is it for?

- Those developing proposal for national, peer-reviewed open call funding competitions for applied health or social care research.
- Those receipt of advice from RDS on the proposal.
- Available at any stage prior to final submission.

What can a PIF be used for?

- Setting up meetings with groups of patients, carers, service users or the public e.g. venue, providing refreshments, materials.
- Reimburse patients, carers/supporters for their time.
- Reimburse any out-of-pocket expenses incurred by members of the public such as travel, subsistence and carer costs.
- Cover costs of training/support for lay people.
- Postage, stationery, administration costs.
- Not for research itself.

How much is available?

- Usually up to a maximum of £350 per project.
- Applications for a PIF should include clear costings for proposed Public Involvement activity, including:
 - A break down of costs
 - Total amount applied for

Example of how we manage in the North West

- Will require a short evaluation of the PI event to be returned as part of the award.
- The award is claimed via submission of receipt then reimbursement.
- PIF applications are reviewed by specialist PI advisers.
- Up to six weeks for a review and decision but can do urgent reviews.
- Can award more than £350 but this is for exceptional cases.

Thinking about your public involvement activity or event/s:

- Who will you involve?
- How have you addressed equality, diversity and inclusivity in the selection of public contributors?
- In what ways will you involve people in your application process?
- In what ways do you plan to involve people in the project itself?
- Are you being authentic and will the language you use reflect this?
- Consider the 'burden' of your PI activity on the people involved.
- Include clear costing for your planned PI activity.
- Make sure you capture what you've done, and what you plan to do, in your application.
